Dear Parents/Carers,

Remote Learning Update

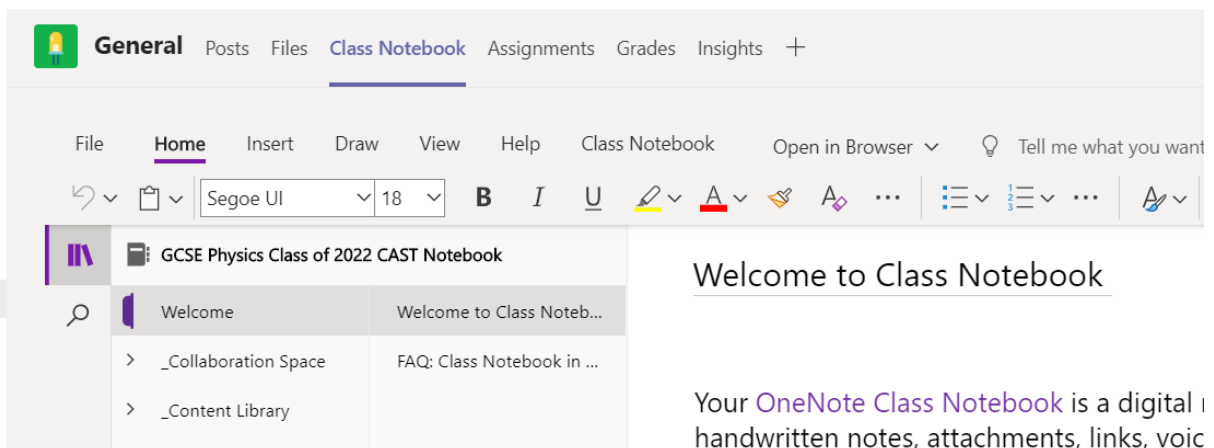

Thank you for your support getting students started today with their remote learning. For most it has been very successful. As with anything new, there are always teething issues and therefore this letter provides some information we hope you find useful if any problems arise. We have written it using the questions we have been asked by students and parents today.

The **remote learning video presentations** from 6th January are [here](#)

The copies of the letters with the **new timetables** for each year group are [here](#)
